La Saltianna 1961

Published By The Seniors Of

Saltsburg Joint

High School

Saltsburg, Pennsylvania

Foreword

We, the S.J.H.S. Seniors, wish to express our feelings of appreciation through the story of events this book tells. In this our last endeavor at S.H.H.S. we invite you, who have helped to make our years worth-while, to share our memoirs. We relate this pictured account so that all will remember us favorably and that we may remember all in perspective and with accuracy.

The Yearbook Staff has compiled these pages in hopes that you may in the future often re-live these cherished days at S. J.H.S.

Knowledge lies just inside these doors!

Another school day starts as the buses arrive!

Dedication

For your unswerving friendship, we, the 1961 graduates of S.J.H.S., dedicate our "La Saltanna" to you, Mr. McKay Lytle.

Witnessing an active citizen of our town, we acknowledge your ability to organize where it is needed and work readily when you are asked. We have seen in you the traits of loyalty, high morals, and consistency that make up the fine character we know.

As an alumnus, you have become familiar with the various problems and decisions that we have faced. Through your guidance and patient understanding you have influenced our approach toward these difficulties and helped us to become better men and women.

Your wholehearted devotion as teacher and coach will gratefully be remembered. May you continue in your path of unselfish service to our school and community.

Mr. Lytle takes time out to be interviewed.

High School Principal

Dear Seniors:

I believe that our high school is a better school for having had people like you the past few years. I trust also that you are much better students for having been here. This mutual relationship, if practiced throughout life, would eliminate any bigotries that may exist in our world today. Adopt the philosophy of always trying to help others and you'll never have to worry about helping yourself.

John R. Coulson

To The Senior Class:

With the closing of the school year, we find another class entering into a world of ever widening horizons. The demands of society are such that only those who have made the most of their time at school can attain the goals placed before them. It is my sincere wish that each of you may have obtained the training necessary to succeed in the challenging years ahead.

Ernest D. Sell

Much credit goes to our Board of Education for their excellent management of the internal affairs of our school system. They provide equipment, select the teachers and personnel, direct the finances of the educational program, and are responsible for the maintenance of our three schools.

Plans for the renovation of our high school building entrance are being made at present. Effected by this will be the stairways and the office, which will be moved to the first floor. This spring ground will be broken for the new addition which will add a cafeteria, a Home Economics Department and an Industrial Arts center.

The various operating committees have worked diligently in improving the standards of our schools to satisfy our educational needs. These community representatives have used much of their personal time for interviewing, investigating, planning, et cetera in order to make our school life more meaningful. We the student body of S.J.H.S. wish to express appreciation for a job well done.

Juniors

We, the class of 1962, in order to become a credit to S.J.H.S., have striven to widen our scope of events and take a more active part in school activities. We are endeavoring to prepare ourselves for the future.

We have learned to exercise our individual abilities in preparing for the biggest event of the year--the Prom. Teamwork, originality, aggressiveness, and imaginative thinking are some of the assets gained from our Prom preparation.

We will leave our Junior year behind us with the hope that our Senior year will be even more profitable and eventful.

"Winter Wonderland" - sponsored by Sophomores.

Sophmores

As we advance in our high school years we will remember our Sophomore year as one of fun, increased experience, and sentiment. According to tradition we received our class rings and were responsible for sponsoring the annual Christmas dance. We entitled our dance "Winter Wonderland" and spent much time and preparation to make it as original as possible. This was our first experience in planning a semi-formal dance and hiring an orchestra to supply the music.

As participants in various extracurricular activities, sports, and clubs we have gained useful experience to prepare us for the future. By engaging in these activities we also increased our relations with the rest of the student body.

"Cupid's Caper"—sponsored by the Freshman Class.

Freshmen

We, the boys and girls of the Freshman class, has great delight in planning our 1961 Sweater Hop. It was our first big accomplishment. The selections of King and Queen, the members of the court, and their escorts were the highlights of the event.

The class of 1964 has been most fortunate in having many scholastically minded students. In athletics and extra curricular activities our class was represented in football, boys' and girls' basketball, track, cheerleading, majorettes and the band. They took part in many club activities also. We are extremely proud of these students and we sincerely hope they continue to uphold these high standards.

The class officers had splendid cooperation in all of their activities from our three class sponsors, Mrs. Leonard, Mrs. Cox, and Mr. Flick.

Now we are looking forward to our Sophomore year with great anticipation.

These are the awards which have been received by the La Saltianna since its first entrance into the Columbia Scholastic Press Association contest in the year of 1957. The judging is done on year-books from 48 of the 50 states and several foreign countries on write-ups, pictures and the general layout. We, of the yearbook staff, hope this will not be an exception and will be the best yearbook ever to come out of Saltsburg High School.

Football Club

Ready to show football game reviews

The Football Club was newly organized under the direction of Mr. Santicola. The main purpose of the club is to interest boys in the sport of football. They endeavored to build sound minds and sound bodies by participating in various sports activities. They practiced weight lifting, played intramural basketball games, and discussed football strategies.

Using our own camera, which was furnished by the successful Boosters Club, we filmed movies of all our games this season. While showing these movies, the Football Club concentrated their attention on the good and the bad plays.

Hoping to use the pointers they studied--with trained bodies and positive thinking, the team is very hopeful for the 1961 season.

Salt Shaker

Our School's Voice In Print

Mrs. Roth aids Co-editors

The Salt Shaker is our school paper which comes out semi-monthly. It is made up and published by the students of our school who work on the Staff under the supervision of Mrs. Roth. These students learn how to set up copy and to organize various types of articles; the basic fundamentals of a good newspaper, as well as the constituents of one.

Being a prototype of larger papers, the Salt Shaker is divided into different departments. The students may choose to work in the departments in which they are most interested.

Although many of the staff members were new this year, they are to be commended for learning quickly. The entire staff worked hard and gained valuable experience for the future.

Organizations

Junior Red Cross

The Junior Red Cross under the direction of Mrs. Robinson is a very outstanding organization within our curriculum. Through various activities such as making holiday favors for our veterans, they have showed us how active they can be. Each club member was taught how to administer first aid in a distressed moment or area. Several of the students acted as workers in assisting in Bloodmobile in Saltsburg. During the year they were the cordial hosts to the County Council.

Library Club

The Library Club, under the supervision of Miss Carson, consists of members from the tenth, eleventh, and twelfth grades. The main purposes of the Library Club are to keep the library in good order for those who wish to do their studying there, to repair all damaged books, and to take care of the bulletin boards in the upper and lower halls. If the members wish, they may supervise the library during class periods for experience. Noon hour Bake Sales made possible several entertaining parties during the year.

Student Council

The Student Council under the guidance of Mr. Slosarik has been very active this year. They instigated many projects which bettered student relationships throughout the school. One project helped keep school desks clean. Members achieved this task by displaying many posters in conspicuous places to remind students to do so. To earn money, members of the organization sold red and white "Trojan" pens. They also raised money to send delegates to a Student Council Convention.

Representatives are elected from each homeroom to attend regular meetings. Together they cope with school problems.

Future Farmers Of America

Under the very capable leadership of Mr. Veach the F.F.A. organized this year with a primary purpose of establishing high school boys in farming and to teach them to become responsible citizens of this country.

This year the boys have undertaken several projects which included a bake sale, going to the Harrisburg Farm Show, and seed and onion sales. They also enjoyed several field trips in their newly purchased truck.

Future Homemakers Of America

The F.H.A. under the direction of Mrs. Cox has become very active this year. A new point system, whereby pins and jackets could be earned, was initiated. Points were accumulated by those who helped with the school's Christmas decorations, the annual clothing drive, the St. Patrick's Day Dance, and other F.H.A. activities. During the year entertaining films were shown and our programs were further developed by the contribution of guest speakers. The highlight of the year was the F.H.A. Conference in April.

Sponsored by Miss Jackson, the purpose of the Thespian Club is to give students an opportunity to display their dramatic talents and to learn to better understand drama and the theatre.

The Thespians, this year, participated in directing and acting out several plays. Among their other activities for the year they decided to entertain the Willard Home for Children and hold an initiation program for the students who will be eligible to enter the National Thespian Club. The group is expanding, and expects to be even more active next year.

Varsity Club

The Varsity Club is basically made up of members of athletic teams who have earned letters in their respective sports of the previous years.

Although this club was relatively inactive last year, it was reactivated this year to assume a place of importance in school extracurricular activities. After many weeks of deep thought and deliberation a new constitution of high standards suitable to all concerned was eventually drawn up.

This constitution should result in an organization of importance and select membership. It is also hoped that the final end will bring about a high status of athletics in this school.

Eighth Grade Geography Club

The Junior High Science Club has enjoyed making observations with the help of a microscope. They have studied samples of their own blood and tested water for the aquarium. The Club has also seen several scientific movies on outer space, satellites, and scientific apparatus at work. Members of the Club work in the dark room developing pictures and learning about photography equipment.

OFFICERS

President Charles Resnick
Vice President Earl Lindenberg
Secretary Betsy Porch
Treasurer Kathleen Kopchick

The Geography Club which is under the guidance of Mr. Anderson had many activities throughout the year. These included field trips to Pittsburgh and a State Conference at Erie in the Spring. To become eligible for the trip, a member of the club must have had an A or B average. Money for these trips was earned by selling Christmas wrapping paper and tape. Also, during the year, the Club entered a contest in which members wrote a booklet on "What Makes United States Strong."

The Clubs two presidents were Lois Chicka and Joyce Peterson. The executive committee was made up of separate officers from each room.

Mixed Chorus

The mixed Chorus became a scheduled subject this year. We studied the essentials of harmonizing, breath control, and musical note reading. Under the capable direction of our new music teacher, Mrs. McCreary, a cantata with chorus and narrator was presented for the high school Christmas assembly. The mixed chorus was considered enjoyable as well as educational by all who participated.

"The Senior Seven" add harmony to school programs.

"The Blazers Four" perform for school and community.

ATHLETICS

Football

On August 18, 1960, 40 boys reported for football practice under our new football coach, Mr. Santicola.

Our coach had great difficulties to overcome in that he installed a new offense changing from the "Wing T" to a multiple offense. Also under his direction a boosters club was organized and money was earned to buy a movie camera to take films of the games for the players' use.

The prospect of a good season looked fine because fifteen lettermen were returning from last year's team. Unfortunately this number was reduced by a series of injuries, which made it necessary to use inexperienced players at important posts. These boys did well in spite of the odds. It is hoped that the experience gained by these boys will prove useful next year.

Coaches Lytle, Santicola, and Anderson discuss football strategy.

Practice Session

Inasmuch as the 1960 track was made up of mostly underclassmen, they posted a very excellent record of 6 wins, 2 losses (which came at the hands of Class A schools!) Saltsburg took the "Little Seven Championship" and narrowly missed taking the Class B Championship at the County meet. Outstanding performances in the county meet were turned in by the 880 relay team which placed fourth. Robert Fulton placed first in the 220 and second in the 100, qualifying him to go to the "District" where he placed third in the 220. Prospects look good for the 1961 Season as only two boys were lost by graduation.
